

Scientific Symposium
Ostim in Berlin
4th – 6th September, 2008

Dear Dr. Dr. Schermer,

We are very pleased about your acceptance, and thereby, would like to confirm your participation in our Symposium **Ostim in Berlin**.

Due to your contribution of study results or case reports we are now able to provide a scientific programme, which will show a great variety of experience in the different dental indications using the bone grafting material Ostim. We are very happy that Professor Dr. Sören Jepsen, Bonn, Germany has agreed to be our chairman.

You will receive your personal travel-information separately and also obtain a final version of the scientific programme. The preliminary programme is attached to this letter.

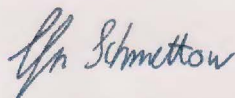

We will be very pleased to welcome you on Thursday evening, 4th September, in the hotel Westin Grand Berlin.

We are working in conjunction with the team of Carlson Wagonlit Travel. You can reach Michaela A. Wittenauer for organisational questions at 0049/6173-5096-4011. With regard to the scientific programme and its agenda, please contact Manuel Meier-Staude at 0049/6181-355067.

Please send the abstract of your talk by email to the following address: manuel.meier-staude@heraeus.com by August 15th at the latest.

We wish you a pleasant journey and look forward to welcoming you.

Sincerely,

Dr. Marianne Gräfin v. Schmettow
